HOME DECOR - SOY CANDLES

LGH Candles are made with **100% Natural Soy wax hand poured** into a reusable jar.

All candles are made with **Eco friendly, lead-free cotton wicks** and high quality, **phthalate free fragrance oils** in all our candles. No dyes or chemicals are added.

CLASSIC SCENTS:

Arcane: This mysterious scent is a potent, heady blend of sweet, spicy, and earthy notes. Infused with

cedarwood, orange, clove, and patchouli essential oils, it's rich and resinous with a familiar incense vibe.

Lavender Tea: Lavender Tea has a distinct apothecary vibe. Watery cucumber, honeydew melon, and ozone start off this refreshing scent, while middle notes of lavender buds reinforce the herbal quality.

Chamomile

and Tea leaves complete the note profile of this soothing fragrance.

HOME DECOR - SOY CANDLES

Patchouli Amber: An earthy blend of light citrus followed with warm amber, clove and exotic florals on a delicate bed of silky musk and patchouli.

Peppermint + Eucalyptus: A blend of sweet peppermint with tingly, earthy eucalyptus for a refreshing spa-like scent.

Pistachio Macaron: Creamy, nutty and oh so delicious! Top notes of coconut milk blend with heart of nutty pistachio, caramel, and sweet cream.

Quaintrelle: This is what living your best life smells like! Uplifting and ethereal, this scent transforms any space into a soothing atmosphere. Top notes of mandarin and lemongrass are amplified by mid notes of bergamot and ginger on a base of white tea and jasmine.

Rosemary Sage: Subtle pine notes uplift the fresh green florals and rosemary, while earthy sage and cedar lend this fragrance an enticing woody base.

Santal 618: Subtle top notes of fennel, ginger, and cardamom accentuate mid notes of rich amber, cedar and clove. A strong base of sandalwood and musk give this scent a warm, upscale vibe.

Tea With Alice: Tumble down the rabbit hole and join the Hatters tea party! Sweet iced lemon and almond tea cakes line the table amongst cups of freshly steeped black tea. A delightfully uplifting scent with top notes of orange, lemon and rose on a base of vanilla, almond, tonka bean and maple.

Vanilla Cardamom: Spicy cardamom adds a welcome twist to the classic vanilla fragrance. The scent of vanilla bean, fresh churned butter, ground cardamom, and cake batter make for a not so “vanilla” vanilla.

White Cottage: This is a cozy scent with a comforting, homey feel to it. Vanilla and southern cotton flowers are blended with bergamot, lilac and lily of the valley on a base of Tonka bean, sandalwood and musk.

"We're taking chocolate beyond 'sweet' and putting it on the pedestal it deserves"

Growing up, the Maloney brothers could spend hours listening to tales of their great-grandmother, who farmed cacao in Trinidad and Tobago. The three boys were so enchanted, they could practically taste the rich, sweet smoothness of great chocolate.

Sol Cacao is an artisan "bean to bar" chocolate manufacturer based in the Bronx that strives to create the finest quality of chocolate by having a thorough understanding and expertise associated with every step in the chocolate manufacturing process.

CHRISTINA

Christina, former head roaster based in NYC, wanted to have her own coffee business, since she really enjoyed cafe culture. Likely a cafe, she thought at first, but plans changed. “My goal of having my own cafe shifted into having my own roasting company, especially after seeing a drastic lack of gender and racial diversity among roasters” said Cristina. So, she founded Favor Coffee.

Her vision is to maintain a brand that honors every process along the coffee supply chain and ensures sustainability (economic, social, & environmental) and quality.

CHAD, BARBARA & CLINT

“The best olive oil is the freshest olive oil!”

Chad, Barbara and Clint Braidwood worked as research consultants for the pharmaceutical industry. They studied and tested medications on different diseases and witnessed an over-dependence on medications while not enough attention and education on changing one's dietary and lifestyle habits that, in many instances, can yield the same results.

In 2022 they welcomed the chance to selling EVOO (Extra virgin Olive Oil) and founded Saratoga Olive oil, as it was aligned with their desire to educate the public on healthy dietary choices.
